• PARICHAYA — ABOUT US

Built on Wisdom. Powered by AI.

Our core business is **building intelligent solutions using AI and automation** — empowering businesses to operate smarter, scale faster, and lead with confidence in the age of artificial intelligence.

AI Accessibility

Making AI accessible, actionable, and impactful for every individual regardless of background.

Intelligent Automation

Building intelligent automation systems that transform how businesses operate and scale.

Future-Ready Talent

Training the next wave of AI professionals equipped with real-world, hands-on skills.

Agentic AI Core

Developing autonomous AI agents that reason, plan, and execute complex business tasks with precision.

• UDYAM SEVA — THE FORGE ROOM

The Ultimate Business Transformation

No process is too large or complex to be reimagined with AI. Our enterprise solutions cover the full spectrum of intelligent automation.

Process Automation
KARMA MUKTI
Eliminate bottlenecks, repetitive tasks, and manual dependencies.

Custom AI Tools
VISHESH YANTRA
Fully customized AI solutions built from scratch for your workflows.

AI Strategy & Consulting
MARGA DARSHANA
Identify high-impact AI opportunities and define clear roadmaps.

Deep Technology
TANTRA-VIDYA
Advanced ML, Neural Networks, and LLMs for complex challenges.

Business Intelligence
UDYAM PRAJNA
AI-powered insights for smarter, faster organizational decisions.

Robotics & Drones
YANTRA SRISHTI
Intelligent robots to agricultural drones for real-world automation.

• TĪKṢṆĪKARAṆA — THE SHARPENING

Walk With Us Into The Intelligent Era

Transforming aspiring professionals into industry-ready AI engineers through structured mentorship and real-world projects.

01 Advanced Algorithms & Basics
Core AI foundations and algorithmic thinking for beginners and professionals

02 Vybe Coding
Python with AI libraries — from basics to advanced implementation

03 AI Tool Training & Projects
Hands-on AI tool mastery with real-time project exposure and mentorship

• TRAINEE SOFTWARE ENGINEER JOURNEY — INTENSIVE 2-MONTH INTERNSHIP

1. **Apply & Onboard** — Submit via Connect.ai, selected within 48 hours
2. **Live Projects** — Real AI-based projects from day one
3. **Get Evaluated** — Weekly reviews & performance-based stipends
4. **Full-Time Role** — Top performers considered for permanent positions
